**Offering a New Recovery-Oriented Therapy Stream For Schizophrenia
& Other Psychotic Disorders***

&

Now Accepting Referrals for Ages 16+

&

Has Opened a 2nd Site in North Fremantle

We are excited to introduce a new therapy stream to support people aged 16 years and over who are experiencing schizophrenia and other psychotic disorders. This is available via NDIS funding or low-cost out-of-pocket fees with a Medicare Mental Health Care Plan (MHCP).

This 10-session collaborative and tailored program can include support for:

- Perceptual experiences (including voices)*
- Paranoia and unusual beliefs
- General symptom and illness management and recovery goals
- Functional improvement and social connectedness

**Hearing voices is not a requirement & our voices stream remains ongoing*
